Priority Applications (Number Kind Date): US 72319873 A (19721229)**Abstract:**

BE 805417 A

A plasticising compsn. comprises up to 70% (wt) of N-butyl-toluene sulphonamide and at least 30% N-butyl-benzene sulphonamide. Particularly for plasticising polyamide, although other thermoplastics and thermosetting polymers may also be plasticised. The plasticising compsn. is liquid at normall temp. and is easily incorporated into the polymer without blooming to the surface.
